7th June 2012,

Dear Ntombizodwa,

Congratulations on having successfully passed the South African Wine Course with **81%**. The first step to becoming a Cape Wine Master has been completed! Kindly advise us of any change of your contact details in order to keep our records up to date.

I hope you enjoyed your first wine course and that it has stimulated your interest to continue further. We are currently offering the following courses in Johannesburg:

The **Certificate Course**, the next step up and an in depth course on South African wine, covering viticulture and winemaking, distillation and fortification, sweet and sparkling wines. It consists of seven lectures. Tasting skills are also developed further. This course is highly recommended.

We are also offering a three-hour **Wine and Food Experience** to discover the different flavour combinations of food and wine, the correct serving of wine, its temperature and preferred glasses.

The **Wines of the World Course** is all about international wine, from France to America, Australia to Germany. You learn about the history of the area in terms of wine, the styles of wine and taste some great examples of their wines.

Please contact myself should you require any further information, or if you would like to register for any of these courses. For group or corporate bookings contact Marilyn at our regional office on (011) 024-3616.

Wine Regards,

Sibongile Khumalo
